COMO
COCOA ISLAND

In the translucent waters of South Malé's coral atolls lies a private island rimmed in coral. The water is so clear, it's like peering through a window, and the sand so fine, it's like stepping on cream silk.

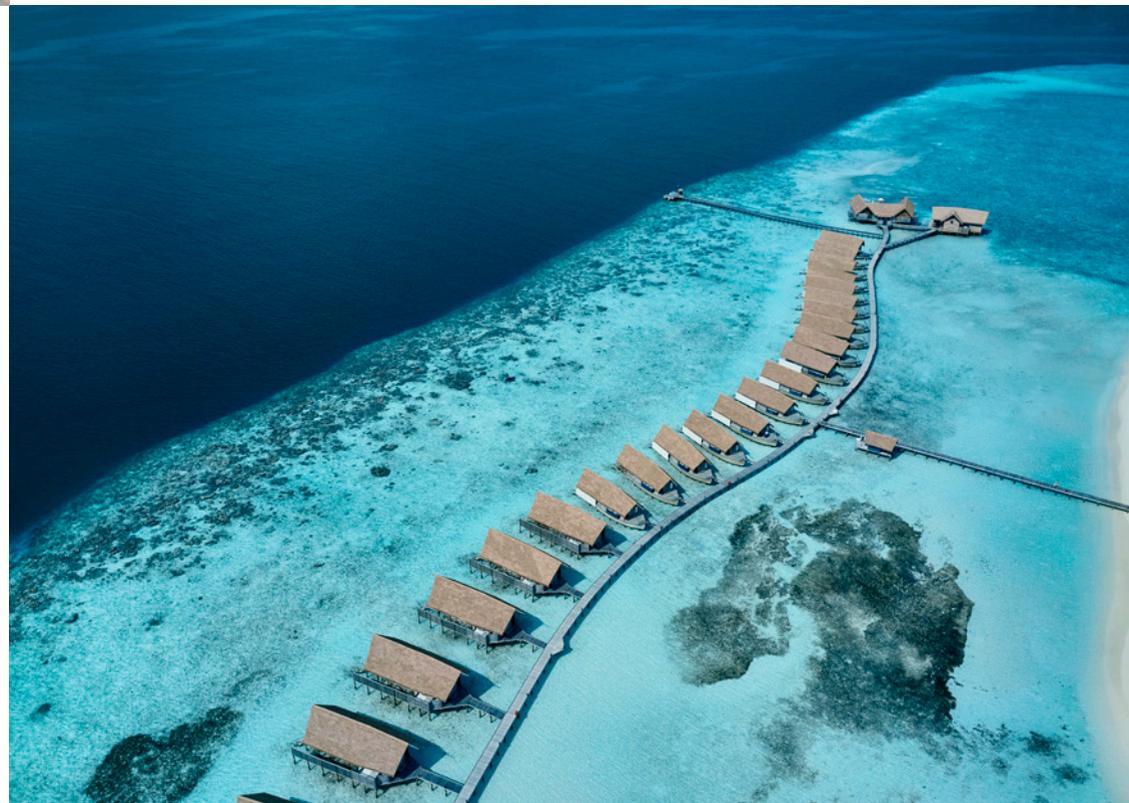

This is COMO Cocoa Island – a jewel-like resort that is yours to rent, promising peace, discretion and nature's bounty at your fingertips. It is a place for weddings, anniversaries, or family get-togethers, where everyone, of every age, will treasure the memory.

You will fall under Cocoa's spell the moment you kick off your shoes

LIKE PARADISE IMAGINED

COMO Cocoa Island is a 40-minute speedboat transfer from the Maldives' international airport at Malé. We have 33 sun-drenched overwater villas, sleeping up to 72 guests. Inspired by the gently curving wooden dhoni boats that local fishermen use, each villa is fitted with contemporary kajan thatch roofing and a design aesthetic that reflects the freshness of each day. Some have private pools, others have multiple bedrooms. All our villas allow you to slip in and out of the shallow lagoon from your private terrace.

A place to enjoy good food cooked with heart and soul

EAT, TASTE, SAVOUR

At COMO Cocoa Island, we are proud of our impeccably sourced ingredients and a culinary philosophy built around Indian Ocean flavours and the benefits of nutritious eating. Asian-inspired and international cuisine provide familiar comfort by day, with the flavours of Maldivian curries, South Indian dishes and seafood barbecues on the beach adding a flourish to star-lit dining at our poolside restaurant, Ufaa. COMO Shambhala Cuisine is available on all menus, allowing guests to pursue nutritionally-rich and additive-free wellness diets during their stay.

Explore the reefs around COMO Cocoa Island in a variety of snorkelling excursions available.

- **Turtle Expedition Snorkel:** A 20-minute boat ride will take you to the pristine reefs where green turtles are frequently spotted near COMO Cocoa Island. Here you can swim alongside these gentle creatures, and other reef fish, in their natural habitat.
- **House Reef:** Snorkelling the resort's bustling house reef is an essential experience for guests of COMO Cocoa Island. You will discover a diverse array of marine life during this complimentary guided excursion, from schools of Kashmir snapper and oriental sweetlips, to needlefish and the occasional (harmless) reef shark.
- **Shark Adventure:** Snorkel with some of the ocean's sleekest predators - white tip and blacktip reef sharks on reefs just a 15-minute boat ride from the resort. Reef sharks are harmless to humans, but their long agile bodies and lightning-quick reflexes make them a feared predator to smaller fish.

Dip a toe in the water and a new world of wonders

EXPERIENCE NATURE'S WONDER

Time at COMO Cocoa Island is not just about reconnecting with yourself and those around you, but about exploring the beauty of our island above and below the water. We are blessed with an abundant natural world, from the powder-white sand to the gin-clear water teeming with marine life. While you're with us, you can do as much (or as little) as you like: world-class diving, fishing trips, sunset cruises to watch dolphins at play, or just days spent on the terrace of your overwater villa, watching the sun rise and the moon fall.
