from 100 up to 120sq m

Total private space
from 1,500 up to 4,500sq m

WAI

“Wai” means water in Fijian and is an apt epithet for this overwater villa. Uniquely designed as a two-bedroom residence, the brilliance of the surrounding colours elevates your South Pacific experience with the villa seemingly floating above the emerald green lagoon. The spacious terrace is set across several levels descending over the lagoon, culminating in a hot tub and large private pool, which is carved directly into the rocks.
