Sustainability and Community Investment

At COMO Hotels and Resorts, we act as custodians, rather than managers, of each destination. We recognise the privileges and responsibilities of being part of the community and are committed to celebrating local culture, supporting the domestic economy and minimising our impact on the environment.

At COMO Shambhalaa Estate we use sustainable, locally-sourced ingredients from farmers and small-scale producers across Bali to create our COMO Shambhala Cuisine. This enables us to not only support the local community, but also reduce air miles and source top quality ingredients. In addition to this we use many fresh fruits, vegetables and herbs from our own kitchen garden to supplement our dishes.

To further reduce our environmental footprint, we bottle our own water in reusable glass bottles which are given out for activities during your stay. Within our Bali community, COMO Shambhala Estate shares safe drinking water with some 500 villagers every day.
