Ayurveda means 'the science or knowledge of life' and is an ancient system of Indian holistic healthcare. Ayurvedic wellness programmes aim to restore the body to a natural state of equilibrium by rectifying imbalances in the body's three doshas – vata, pitta and kapha – that make up the body's constitution. Benefits include weight loss, stress relief and detoxification.

Wherever our Ayurvedic therapies are available, we also have an Ayurvedic Consultant who can prescribe the most appropriate treatments based on a one-on-one consultation with you. He or she will also add nutritionist support in personalised eating plans.

To get the best results, we suggest taking three sessions, as each session will build upon the benefits of the previous one to provide longer-lasting results.

The process stimulates our natural healing responses, helping to rebalance the body. Acupuncture is designed to boost the immune system, alleviating deep-set tensions and restoring energy flow.

It can provide effective support for a number of health issues, including insomnia, poor digestion, stress, anxiety and fertility challenges. Each private COMO Shambhala acupuncture session begins with a consultation to tailor treatment to your needs.
