AYURVEDA THERAPY

Ayurveda means ‘the science or knowledge of life’ and is an ancient system of Indian holistic healthcare. Ayurvedic wellness programmes aim to restore the body to a natural state of equilibrium by rectifying imbalances in the body’s three doshas – vata, pitta and kapha – that make up the body’s constitution. Benefits include weight loss, stress relief and detoxification.

To get the best results, we suggest taking three sessions, as each session will build upon the benefits of the previous one to provide longer-lasting results.

Abhyanga

Abhyanga is a rhythmic Ayurvedic massage that uses warm herbal oils to help energise the body and improve circulation. As impurities and toxins loosen from the muscles, it helps to enhance the body’s immunity while inducing a state of deep relaxation in the mind.
