MARTINI

IDR

"The only American invention as perfect as the sonnet" H. L. Mencken

How the Martini came about is widely disputed, however, the most popular story is that a cocktail-maker by the name of Martini mixed the first at the Knickerbocker Hotel in New York in the late 1890's.

For decades, the Martini was not the sophisticated drink it is today. Made almost entirely of alcohol, served super-chilled and with a bitter finish, the original Martini was a 'no-nonsense' drink created for quick drinking.
