

An Ode to City Living:
COMO Metropolitan London Unveils NEW Luxury Hertford Street Residences
Contemporary Living in The Heart of Mayfair

Following an extensive investment programme, [COMO Metropolitan London](#) is relaunching its [Hertford Street Residences](#) – apartment-style living just a stone's throw from the hotel's iconic Park Lane location in Mayfair. Situated in one of London's most sought-after areas, the residences exude timeless style, combined with touches of contemporary design, vibrant colour, and cutting-edge technology. The serene aesthetic feels a world away from the bustling streets of Mayfair and create the perfect ambience for guests seeking relaxation after a day working or exploring the capital.

STYLISH BY DESIGN

Whilst the outside of the building radiates the classic charm of a Mayfair townhouse, the interiors offer a fresh contemporary feel. A new epitome of understated luxury, the stylish two and three-bedroom apartments have been interior-designed by Linzi Coppick of Forme UK. The bright and airy apartments feature open plan living and dining areas, separate kitchens with marble countertops, natural wood floors, spacious bedrooms with en-suite bathrooms and glass doors leading out onto a cosy, private patio – a rarity in central London and perfect for the summer months.

Abundant natural daylight floods the residences from large windows, contributing to the sense of warmth and sophistication. Striking art pieces by Spanish artist Moyra Montoya Moyano adorn the walls and add personality to the space by introducing a pop of colour to an otherwise relaxing, neutral colour palette of whites, creams, and greys. Coppick has successfully combined COMO's signature pared-back aesthetic with a comforting air, exuberating a 'home from home' feeling, which will ensure utmost comfort for longer-term guests.
